

# ULTIMATE BLUSH

Pressed powder mineral pigments in soft, natural shades

## PRODUCT HIGHLIGHTS

- Highly-pigmented mineral-based powder
- Velvety texture
- Powerful enough to last all day

Cinema Secrets long-lasting Ultimate Blushes go on with a soft, velvety feel and deliver powerful color for a healthy glow. Available in 12 flattering hues, each blush can be used to create contour for the cheek and upper jaw, as well as “sculpt” the cheek.

The rich combination of micro-pulverized mineral-based pigments and finest-quality base ingredients that are sure to compliment any skin tone. The highly pigmented powders are available in a range of colors to provide variety for many skin tones and undertones.

Apply Cinema Secrets blushes softly with a round or angled blush brush. Used properly, one container delivers 250 to 400 applications. To remove, use soap and water or any makeup remover.

Note: Colors may not be depicted accurately because of computer, monitor, and printer limitations and variances.
