Cinema Secrets Ultimate Pro Pencils are top-quality, highly-pigmented liners made of high-temperature waxes and durable base ingredients.

The aloe-based formula is sturdy enough to sharpen and keep a point, yet soft and creamy to the touch. Bend-able pencils will not pull at the eyelid, so comfortable application is ensured. Easily create crisp lines or blends. The color is smudge-able until set, and after just a few seconds of drying time, provides day-long smudge-proof wear.

The waterproof formula prevents "raccoon eyes" and bleeding. A sturdy metal cap protects the point. While ideal for use anywhere on the body, we divide the pleasing colors into Lip Liner and Eye Liner colors.

USE AND TIPS

For most vibrant and accurate color, pre-treat lid with Cinema Secrets Eye Primer to create a neutral backdrop and further prevent caking and creases.
