

PROFESSIONAL MAKEUP TOOLS

All the tools you need for long lasting, sanitary makeup application

POWDER PUFF

PRODUCT HIGHLIGHTS

- Stuffed with memory foam to retain shape and softness
- Hand stitched velour can be washed for reuse
- Large diameter accommodates both face and body needs

Put down the powder brush! It's still a secret to most people that setting makeup should be done with a powder puff. The powder puff will press the powder into the makeup, setting it for longer periods of time with less touch ups. Cinema Secrets Powder Puffs are designed with memory foam for maximum softness, shape retention, and durability. The hand stitched velour puffs allows individuals to wash and reuse the puff for almost a month depending on use.

SPONGES

PRODUCT HIGHLIGHTS

- 100% latex free synthetic material
- Naturally hypoallergenic, biodegradable, and anti-bacterial
- Shaped for contouring and blending
- Wedge will not flake or crumble

The Cinema Secrets 8-cut sponge brick is an industry favorite made of the highest quality, 100% latex free synthetic materials available. The large wedge shape is ideal for contouring and blending makeup, allowing for maximum coverage. Wedges retain their exact shape when crushed in shipping or your makeup kit. When dampened, the sponges also keep their shape, size, feel, so they can be used wet or dry for a streak-free, bacteria-free makeup application.

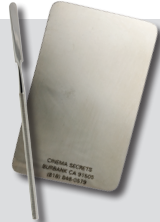

PROFESSIONAL MAKEUP TOOLS

All the tools you need for long lasting, sanitary makeup application

PALETTE & PALETTE KNIFE

PRODUCT HIGHLIGHTS

- Stainless steel for easy sanitization
- Prevents cross contamination
- Allows for easy custom color blending

Keep makeup sanitary and free of bacteria without cross contamination with the Cinema Secrets Palette and Palette Knife. The stainless steel tools are non-porous for easy cleaning and sanitization with alcohol or Cinema Secrets Brush Cleaner. Scraping out product for custom blends is simple with these tools, which are available in two sizes. The palettes are available in small and medium and palette knives are available in regular or deluxe pliable versions to fit each individual's preference.

LADY WINK

PRODUCT HIGHLIGHTS

- Soft silicone pads for comfort
- Won't crimp or twist lashes
- Patented
- Strategic window for easy self-use in front of mirror
- Heatable for extra curl

The patented Cinema Secrets LadyWink gently curls without crimping or twisting delicate eyelashes. Silicone pads ensure comfort, and strategic placement of the viewing window allows for simple self-use in front of mirror. To tame stubborn lashes, heat silicone pad with hot water or a hair dryer before styling.

2 OZ. TIN CAN

PRODUCT HIGHLIGHTS

- Compact size to fit in a makeup kit
- Sturdy construction to withstand pressure
- Snug lid to prevent product spill

To clean makeup tools without contaminating your cleaner, start by pouring a small amount of Cinema Secrets Brush Cleaner into this two-ounce tin container. Its snug-fitting lid prevents spills during work, and its compact profile makes it the perfect size to store empty in a makeup kit during travel.

METAL PENCIL SHARPENER

PRODUCT HIGHLIGHTS

- Made of high quality stainless steel
- Sharpens pencils to a fine point
- Small and compact to store easily
- Fits both slim and large liner pencils

Simple and smart, the Cinema Secrets Metal Pencil Sharpener keeps all your liner pencils in top condition. Its sturdy, compact construction allows makeup artists to sharpen their slim or large pencils quickly into a fine point.
